- Tuition: \$18,000.00
- Registration Fee \$100.00
- Equipment and Books \$2900.00

Total Program Cost \$21,000.00

Cost of Living Allowances

Financial aid eligibility is limited by the cost of education for the student's program of study, or for each academic year of a program longer than one year in length. As required by law, the cost of attendance includes both institutional charges, such as tuition and fees, and institutionally determined expense allowances for living costs, transportation, and other allowable expenses. Living costs are required to be included in cost of attendance calculations regardless of whether housing is provided by the institution or if students reside off-campus. **These expense allowances do not represent fees accessed to students by College of Hair Design.** The only fees for which students are liable are the tuition and other fees outlined in your enrollment agreement. These estimated expense allowances are only used for compliance and financial aid eligibility purposes.

The following monthly expense allowances are used by College of Hair Design in the student's total cost of attendance determination:

Category 1 includes students who have no dependents and who live with a parent

Category 2 includes all other students

	Category 1	Category 2
Monthly Living Expenses (Housing & Food)	\$759.00	\$1086.00
Monthly Miscellaneous Personal Expenses	\$354.00	\$354.00
Monthly Transportation	\$289.00	\$289.00

Additional amounts may be included for dependent care or disability care for students who incur and document such expenses. See a financial aid advisor for assistance.

Tuition is based on \$10.90 per contact hour.
